Dear Members of the Dual Career ~ Spouse Network

November often feels as this in between month, where not so much is happening. Halloween marked the ending of the nice weather and we just changed to winter time, but winter didn’t arrive yet. Christmas is visible in the supermarkets, but it is not happening before next month. We will try to give you some interesting suggestions, on what you can do this month (besides changing your summer tires if you have a car).

This Sunday you need to visit the scenic Deer Park in Klampenborg, where the Hubertus Hunt is organised. Since the foundation of the sports riding club in 1900, every first Sunday in November riders have gathered for the climax of the hunting season. This event has become a traditional picnic in the beautiful Deer Park for up to 40,000 spectators. 160 hunters on horseback participate in the Hubertus Hunt.

If you like food, you can consider to visit Torvehallerne this weekend (2-4 November) to join the, Carbonara Festival. There will be a Carbonara pavilion (yes, you read that right) outside the glass halls. You’ll be able to taste various carbonaras, take a cooking class, or just breathe in the carb-y atmosphere.

Also this Friday it’s J-Dag! Every year, on the first Friday of November, Tuborg’s special Christmas brew is finally available. Tuborg delivers the crates to bars across the country while singing their traditional song and handing out free beers to those they meet along the way. The seasonal pilsner is only available for six weeks, so make sure you go get one while you can.

If you are into short films, do visit Copenhagen short film festival (8-11 November) because films of all genres are represented at this exciting festival. Films will be held at Cinemateket, Gloria Biograf and Husets Biograf, so check their program for details. For filmmakers and film-lovers, this is not-to-be-missed! If you would like to see a Danish movie (with English subtitles) we suggest you visit Cinemateket (25 November), to see The Way to Mandalay which tells the story of the popular Danish singer-songwriter John Mogensen and his turbulent life as a father and a husband, but first and foremost as a musician.

To also keep you informed and engaged in your job search, we organise 2 mini-workshops and a Career Lunch in International House (more info on the next page).

We are looking forward to meeting you soon in International House!

In November, the trees are standing all sticks and bones. Without their leaves, how lovely they are, spreading their arms like dancers. They know it is time to be still.

INTERNATIONAL CAREER MINI-WORKSHOPS!

Do not miss out on our upcoming international career mini-workshops, which are ongoing events around a specific topic conducted for a small group of partners of international employees at the University of Copenhagen.

These free of charge events are fun, dynamic and highly interactive! The mini-workshops provide you with the opportunity to network with other likeminded professionals and also get new ideas on how you can optimise your job search! The workshops are held in International House Copenhagen 6th floor, Gyldenløvesgade 11,1600 Copenhagen V

If you are a little hesitant to join, just give it a small go you might be surprised by what you can get out of it. You may also find that these sessions open new opportunities, friendships and resources.

We really look forward to seeing you!

INTERNATIONAL SPOUSE CAREER LUNCH

21 November
10:00 - 13:00

Meet and Greet Maersk Drilling - Getting advice from an HR professional!

How does a HR professional work and how to approach one in Denmark? What to pay particular attention to in your personal sales material (application / CV)? How to network and use LinkedIn? These questions and many more will all be answered, at this event where we have the pleasure of meeting Manjola Kola who is HR Assistant at Maersk Drilling. Manjola shares her personal story in connection with finding a job in Denmark and explains how she used IDCN Copenhagen as a platform to expand her professional as well as personal network.

Maersk Drilling supports global oil and gas production by providing high-efficiency drilling services to oil companies around the world.
